Sub: Training on “Quarantine pathogens: Seed Health Testing and Molecular Diagnostic Techniques” from 23rd to 27th September, 2019 reg.

Dear Madam/Sir,

I wish to bring to your kind notice that seeds are the foundation to crop production and seed health is related to food production in various ways. Seed is an efficient means of introducing plant pathogens into a new area as well as providing a means of their survival from one cropping season to another. In recent years seed has become an International commodity used to exchange germplasm around the world. Production of healthy seed continues to be an important activity through phytosanitary certification and quarantine programme in domestic and International seed trade. Seed health testing is an essential management tool for the management of seed-borne and seed-transmitted pathogens. The stake holders like plant quarantine officials and officials of State Department of Agriculture/horticulture and other stakeholders need to acquire appropriate knowledge on different seed health testing methods in order to safeguard Plant Biosecurity and to facilitate safe export of seeds.

To enhance the knowledge on seed health testing protocols and to cater the stakeholder’s needs, NIPHM is organizing a five days training programme on “Quarantine pathogens: Seed Health Testing and Molecular Diagnostic Techniques” from 23rd – 27th September, 2019.

NIPHM will provide lodging and boarding free of cost and reimbursement of travel charges. **Since accommodation is limited, family members of the participants cannot be accommodated.** The travel expenses will be reimbursed subject to shortest route from place of posting to NIPHM and back for the entitled class but restricted to II-tier AC rail fare on the production of original tickets/vouchers. The reimbursement of TA claim would be made through NEFT into the participant Saving Bank A/C. The nominations may be sent through online registration, for more information please login training registration portal at NIPHM website i.e. www.niphm.gov.in or email: dirpqpniphm-ap@nic.in or over fax 040-24015346. It is therefore, requested to kindly nominate suitable officers for the said programme.

With best regards,

DIRECTOR OF RESEARCH & DEAM, A.S.
N. A. U., NAYAGUDA

INWARD No. 6535

DATE 07/08/2019

Yours faithfully,

Dr. Alice R. P. Sujeetha
