

**DEPARTMENT OF AGRICULTURAL ECONOMICS  
COLLEGE OF AGRICULTURE,  
NAVSARI AGRICULTURAL UNIVERSITY  
BHARUCH CAMPUS- 39 2012  
GUJARAT**

**Vision**

To emerge as a premier centre of excellence in teaching, research, and extension in Agricultural Economics. The department strives to advance need-based economic research and capacity building serving farmers, processors, entrepreneurs and allied stakeholders for sustainable agricultural development.

**Mission**

To provide a dynamic and supportive academic environment for polytechnic, undergraduate, and postgraduate students as well as aspiring agricultural economists. The department is committed to:

- Advancing both basic and applied research in farm management, production economics, agricultural marketing and trade, agricultural finance and natural resource economics.
- Designing and delivering capacity-building programs for farmers, extension professionals and other stakeholders across the state.
- Promoting innovation and practical solutions to strengthen agricultural systems and rural livelihoods.

**Objectives**

- Offer core courses in Agricultural Economics at diploma, undergraduate and postgraduate levels.
- Provide supporting courses for postgraduate programs in allied disciplines.
- Undertake independent research in priority areas of Agricultural Economics.
- Collaborate in multi-disciplinary research projects addressing agricultural and rural challenges.
- Actively contribute to the university's extension activities for technology transfer.
- Create and disseminate knowledge in Agricultural Economics for the benefit of rural communities, including farmers, farm women, emerging entrepreneurs and associated sectors of society.
