Placement e-Leaflet No.: 24/2023

Date: 05/01/2023

**After facilitating 588 Placement Interviews generating Job Offers for 1650+ Students of NAU in Powerful Placement Programmes during the Golden Decade - 10 Years 2013-22**, we at the *University Placement & Counseling Cell* of our esteemed Navsari Agricultural University; are pleased to acknowledge the **Stupendous Success of our 5 UG & 15 PG Students** and announce the **INTERIM RESULT** of the 1<sup>st</sup> Round held **during December 26, 2022 to January 3, 2023** and share the **Online Interview Round Details** of the **10<sup>th</sup> Campus Placement / Recruitment Drive of Placement Year-2023 ONLY for Ph. D. (Entomology / Pathology / Soil Science / Agronomy) Students of NAU** to be held **in January, 2022-23**. The details are as follows:

### **Section-I: Let's Know the Recruiting Organization – Sulphur Mills Ltd.**

Kindly visit <https://www.sulphurmills.com> for thorough understanding of your Prospective Employer...

- Being a 60+ years old company, Sulphur Mills Ltd. is a pioneer in providing specialized formulations that add value to agrochemicals. We believe, actions are louder than words and have a proven track record to become the first company to introduce fertis to crops.
- They serve agriculture with tech innovation to relish nutritious food produced in farms across the globe. Before a farmer produces a crop, it is their job to ensure that the soil has increased fertility, has no fungicides, insecticides and the crops remain unharmed with increased herbicides. In short, the grains and vegetables that people purchase, the food that is served on their plate, become company's responsibility.
- Reckoned Worldwide, they are also the largest producer of sulphur. Their most recent advanced delivery type formulations are efficient, require a lower dosage of active ingredients that help to reduce incidents of residue and resistance. Their efficient formulations are largely solvent-free, thus making them environmentally friendly and safer as they are believers in sustainability.

☞ **Company's products are used in 80 Countries worldwide.**
