<b>Total</b>	<b>19</b>	<b>11</b>	<b>30</b>

- ❖ *Three students join as Agricultural Assistant, 1 in our University and 2 at JAU, Junagadh.*

### **III. Future plan**

In order to visualize desired growth in horticulture sector following key role has to play important role.

1. Bio-energy and solid waste utilization.
2. Insect pollinators for improving productivity and quality of horticultural crops.
3. Standardization of aeroponics and hydroponics techniques in fruits and vegetables production.
4. Studies on nutritive quality and nutraceutical traits in fruits and vegetables.
5. Post harvest and value addition in horticulture crops.
6. Modified atmosphere packaging for long storability and transportation of fruits and vegetables.
7. To develop bee keeping unit.
8. To develop sericulture unit.
