F. No. MPED/4.2/2021/

Date: June 19, 2021

Sub: Organization of Online Training Programme on 'Sustainable Technological Interventions for Entrepreneurship Development in Tribal Zone' at ICAR - IINRG, Ranchi - reg.

Sir/Madam,

The ICAR - IINRG, Ranchi is organizing Online Training Programme on "Sustainable Technological Interventions for Entrepreneurship Development in Tribal Zone" in collaboration with National Institute of Agricultural Extension Management (MANAGE), Rajendranagar, Hyderabad during August 10 - 12, 2021 with the objective to acquaint participants about advances made in the field of research and development on production, processing, product development, value addition and application technologies with agribusiness modules on natural resins and gums produced in the country and exchange the knowledge of scientists and researchers to enhance the skills of extension functionaries for efficient utilization of natural resources including entrepreneurship development in tribal zone for sustainable livelihood of rural and tribal people engaged in production of NRGs. Interested scientists, researchers, academicians, extension officials from SAUs/ICAR institutes/State Government including students and entrepreneurs are invited to participate in the above mentioned online training programme without any cost through registering online via link <https://www.manage.gov.in/trqModule/emailRegn.asp?ipno=EIM&pyear=FDPE> for wider dissemination of the NRGs related technologies on production, processing, product development, value addition, post harvest management & quality control, diversified industrial applications of natural resins and gums including entrepreneurship development and policy initiatives.
