

**FUTURE PLAN**  
**Department of Agricultural Microbiology**  
**N. M. College of Agriculture**  
**Navsari Agricultural University, Navsari (Gujarat)**

- 
- Advancement in teaching with hands on practical exposure to the UG/PG students.
  - Reallocate the research aspects towards isolation, characterization and testing of agriculturally important microbes.
  - Research on eco-friendly microorganisms that confers stress tolerance to the plant and increase crop yield.
  - Establishment of facilities for molecular characterization of microbes.
  - Popularization of these eco-friendly microbes among farming community for sustainable agriculture.
  - Research on microbes important in the carbon sequestration.
