

POLYTECHNIC IN AGRICULTURE
NAVSARI AGRICULTURAL UNIVERSITY
BHARUCH CAMPUS, BHARUCH

1. INTRODUCTION:

Agriculture School was established in 2nd October, 1966. It is converted into Polytechnic in Agriculture during 2009-10. It is located in the East side two kilometres away from Railway Station Bharuch on Zadeswar road. Nearest Airport is Vadodara, 75 Km away from Bharuch. Geographically the Polytechnic in Agriculture is located at Longitude 73.5°E and Latitude 22.0°N. It is one of the Colleges of Navsari Agricultural University. The main activities of Polytechnic in Agriculture, Bharuch are Education, Research and Extension. It also provides middle level technician and also give opportunity to rural youth for degree programme (i.e. diploma to degree) admission under B.Sc. (Agri.) course.

2. OBJECTIVES:

1. To generate middle level technician for Agricultural field, laboratory research work, commercial enterprise and extension services.
2. To impart theoretical and practical training to the students in Agriculture so that they can gain confidence for self employment in Agricultural, processing, value addition and post harvest technology.
3. To conduct need based research in Agriculture.

3. MAJOR ACTIVITIES:

1. Teaching:

(a) Polytechnic in Agriculture:

Total 46 courses with 113 (89+24) credits are being taught from first to six semesters

(b) Other academic activities:

Practical crop production programme : Considering the principles of "earn while you learn" the students of 3rd semester of Polytechnic in Agriculture class are being allotted the land during *kharif* season, where in they have to grow greengram / pigeonpea (seed programme) crops and to carry out all the agricultural operations themselves right from sowing to harvesting with an objective to learn about the agronomic practices and economics of specific crop.

2. Research:

Faculties of Polytechnic in Agriculture are also associated with research activities wherein several field experiments are being conducted year round under various research projects.

3. Extension:

Faculty members are also actively participating in Krishi Mahotsav, Krishi Mela, Khedut Din, Khedut Shibir, Seminar, Radio and television programme time to time.

4. MAJOR ACHIEVEMENTS

1. Teaching:

Polytechnic in Agriculture

To teach following subjects to the students of Polytechnic in Agriculture from first to sixth semester.

Courses offered during odd semester:

Course No.	Title of the Course	Credit
I Semester		
Agron. 1.1	Introductory Agriculture and Principles of Agronomy	2+1=3
Agron. 1.2	Field Crops-I (<i>khari</i>)	2+1=3
Ag. Chem. 1.1	Introduction to Soil Science	2+1=3
Pl. Path. 1.1	Introductory Plant Pathology	1+1=2
PBG 1.1	Economic Botany	1+1=2
Maths 1.1	Biomathematics	2+0=2
Eng. 1.1	Comprehension and Communication Skills in English	1+1=2
P.E. 1.1	NSS/NCC/Physical Education (Non credit course)	0+1=1*
III Semester		
Agron. 3.4	Organic Farming and Sustainable Agriculture	1+1=2
Agron. 3.5	Practical Crop Production (Kharif crops)	0+1=1
Ag. Chem. 3.3	Plant nutrition, manures and fertilizers	2+1=3
PBG 3.2	Principles of genetics	2+1=3
Ag. Ento. 3.2	Principles of Insect control	1+1=2
Pl. Path. 3.2	Diseases of field crops and their management	1+1=2
LPM -3.1	Principles of Live stock & Poultry Production	1+1=2
Hort. 3.1	Production technology of fruit crops	2+1=3
P.E. 3.3	NSS/NCC/Physical Education (Non credit course)	0+1=1*
V Semester		
Agron. 5.8	Farming Systems and farm management	1+1=2
Ag. Extn.5.1	Fundamentals of Extension Education and communication	2+1=3
Ag. Stat. 5.2	Agriculture statistics	2+1=3
Hort. 5.4	Production Technology of Flower Crops and Gardening	1+1=2
PBG 5.3	Introductory Plant Breeding	2+1=3
Ag. Micro. 5.1	Agricultural Microbiology	2+1=3
LPM 5.2	Dairy Cattle and Buffalo Production & Management	2+1=3
Ag. Ento. 5.4	Pests of fruit and vegetable crops and their management	1+1=2

Courses offered during even semester:

Course No.	Title of the Course	Credit
II Semester		
Ag. Eco. 2.1	Principles of Agricultural Economics	2+0=2
Ag. Engg. 2.1	Fundamentals of soil water conservation and engineering	2+1=3
Ag. Ento. 2.1	Fundamentals of Entomology	1+1=2
Ag. Chem. 2.2	Soil chemistry, soil fertility and nutrient management	2+1=3
Agron. 2.3	Field crops -II (Rabi)	2+1=3
Ag. Met. 2.1	Agricultural meteorology	2+1=3
P.E. 2.2	NSS/NCC/Physical Education (Non credit course)	0+1=1*
IV Semester		
Agron. 4.6	Water Management	2+1=3
Agron. 4.7	Weed management	1+1=2
P1.Path.4.3	Diseases of fruits and vegetable crops and their management	1+1=2
Pl. Phys. 4.1	Crop Physiology	1+1=2
Ag. Ento. 4.3	Pests of field crops and their management	1+1=2
Hort. 4.3	Production Technology of Vegetable Crops	1+1=2
Ag. Engg. 4.2	Post harvest technology	1+1=2
Ag. Stat. 4.1	Introduction to computer application	1+1=2
P.E. 4.4	NSS/NCC/Physical Education (Non credit course)	0+1=1*
VI Semester		
PBG 6.4	Seed Production Technology	0+4=4

Hort. 6.5	Preservation and Value Addition in Horticultural Crops	0+4=4
P1.Path. 6.4	Mushroom Production Technology	0+4=4
Hort. 6.6	Green House Technology	0+4=4
Agron. 6.9	Vermicompost	0+4=4
	Educational Tour*	S

6. FACILITIES:

Following facilities are to be developed-

- i) Computer Lab
- ii) Online UPS 5 KVA
- iii) Store room
- iv) Video Projector with computer
- v) Laboratory equipments

7. RESEARCH ACTIVITY:

Faculties of Polytechnic in Agriculture are associated with research activities wherein several field experiments are being conducted year round under various research projects.

8. EXTENSION:

Faculty members are also actively participating in Krushi Mahotsav, Krushi Mela, Khedut Din, Khedut Shibir, Seminar, Radio and television programme time to time.

9. PUBLICATION

(i) Research Paper Published in International Journal:
