Pass out year of post- graduation	1996
Present Job	Manager (Horticulture) at GSFC, Jamnagar
Success story :	
<p>After completing graduation, only ICAR fellowship could lead to do Master's and fortunately my dream came true and did M.sc(horti.). Before submission of thesis got a five figure salaried job in Essar. But being Gujarati always thinking of doing business unfortunately job was short lived for just four years. Business in Surat in our field was tough but in successfullpartnership with a colleague lasted for long twelve years. Due to uncertainty of business and tapti floods drained the idea of continuing the business. Torrent Pharma hired me immediately before I change my mind. With one year of learning,chalanging landscape with highly rated landscape architect making TPL a resort in just period of one year was really a dream job. But it became a small venture to fly my wings and started a great opportunity provided by current organization which is continuing and enjoying the peaceful life . Having elder daughter got settled in her social life and persuing LL.M. followed by</p>	

younger daughter who is doing her graduation. Late comer my son is in eleventh standard in science equally clever to his Papa's if not more.

Graduation	B.Sc. Horticulture
Post- Graduation (Discipline)	No
Pass out year of graduation	OCT – 2002
Pass out year of post- graduation	No
Present Job	ICAR-KVK-PANCHMAHAL
Success story :	It was an enjoyable experience at NAU with a remarkable exposure provided us across the

various subjects. The faculty support was beyond limits and encourage students to push boundaries to rise above expectations. I got first opportunity to put my knowledge into practice as a Garden supervisor in Hotel Holiday Inn at Surat under guidance of Dr. Naresh Pancholi and I learnt very essential Hotel Landscaping Maintenance Tips and techniques from him. I got subsequent job in Dhruva, BAIF in Dharampur and posted in rural area "Gadi village " which is 40 km far from Dharampur Town. This was the opportunity in that I have gained vast practical experience related to advanced Agriculture techniques and understand the rural farming life. It was a stepping stone time in my career growth as well as I got the lifelong friends. To aspire knowledge and economic growth continually I joined firm "JAIN Irrigation systems" and subsequently "VARDHMAN ACRYLIC". At where I understood different perspective of farming techniques which are adopted vary from North Gujarat to South Gujarat and gained knowledge of corporate work culture. Finally, the experience gained at all jobs had further propel my career in the direction that I wanted and I got job in government institute "ICAR-KVK Panchmahal" to Vejalpur, Gujarat. Throughout my journey I learned that Life and career work best when you throw yourself into it, without worrying about what comes back.

Graduation	B.Sc.(Horticulture)
Post -Graduation (Discipline)	M.Sc.(Olericulture)
Pass out year of graduation	1998
Pass out year of post- graduation	2000
Present Job	Managing Director at AlpGiri Seed Sciences Pvt ltd , Gandhinagar
<p>Success story:</p> <p>Girishbhai Patel , After completion of post graduate in Olericulture ,got the job in R&D in Vibha Agrotech Ltd , Hyderabad in August 2000 and work with International Scientist Dr. Ramaiah, CICR scientist Dr. Narayana and NRCS scientist Dr.Rana after research work company has assign job for seeds production then after marketing of central zone of India up to year 2010 . Whole 10 years in one company in various discipline and with good experience I have started my own venture and that is AlpGiri Seeds. AlpGiri was incorporated in the year 2010 and became aggressive since 2014. The goal of the Company is to serve the farmers through innovative technology by providing the value added high quality seed. The company is promoted by Mr. Girish Patel, M.Sc. (Horti.), the company has spread its operations in Gujarat, Maharashtra, Madhya Pradesh, Rajasthan, Punjab, Haryana and Uttar Pradesh with more than 65 hybrids/varieties in 35 crops. Company has recently applied for operation area expansion in Telangana and Chhattisgarh. Company having also plan for operation area expansion in Bihar, Orissa, West Bengal and North East state in coming recent year. Looking towards such a big leap of technology, company has entered into strategic MoA with leading world level organization like CIMMYT, Mexico for Corn. More than 82 hybrids are under trial at our company R & D farm. One step ahead company has also done MoA with world recognized institute ICRISAT, Hyderabad for Pearl Millet as well as Fodder bajara with high nutrient content in it, beside company has also tie up with Harvest Plus program, under this bajara having hi-zinc and hi-Iron content to fight against malnutrition. Company has also started a different R&D which can double the income of farmers as said by our honorable Prime Minister specially in terms of yield we have develop ideal plant type as double cob maize hybrids with synchronous maturity by this technology farmer get almost double yield, in same fashion company has started research in Mustard having double zero concept as erucic acid < 2% (Anti nutritional and glucosinolates<30 ppm (sulphur rich- anti nutritional) also fairly tolerant to shattering by this farmer can fetch double rate of this product and secure his income double. The goal of the Company is to serve the farmers through innovative technology by providing the value-added high-quality seed. Company is focusing mainly on crops like Cotton, Corn, Pearl Millet and Vegetable crops. The Company</p>	

has several collaborations with institutes in South East Asia, SAU's and Israel for germplasm exchange and testing. Company has also going to apply for strategic MoA with another world recognized vegetable institutes like IIVR-Varanasi, IHR- Bangalore or AVRDC-Taiwan. Regular testing of several vegetable and field crops hybrids in different locations of State Agriculture University for releases of hybrids/varieties Gujarat, Maharashtra. Company has set its very high parameter for seed genetically purity, seed physical purity and germination standard to meet 100 % germination by testing through several seed testing parameter like seed vigour test, seed floating test, seed treatment etc., and trying to give value addition through seed treatment for virus tolerance in vegetables. AlpGiri Seeds has also started their journey on second vision of feed technology i.e., nutrition business by tie up for marketing with world class reputed company Cytozyme lab Inc. USA to serve better to their customers of high input cost crops. Company has been recognized by Department of Scientific and Industrial Research (DSIR), Ministry of science and technology, Government of India for its in-house R&D. We will assure our valuable customer to provide high yielding hybrids/varieties having tolerance against biotic and abiotic stress. • Company has awarded by INDIA's 5000 BEST MICRO, SMALL AND MEDIUM ENTERPRISES AWARD for the year 2020. • Recently company has been awarded by Business leader of the year by World leadership congress as BEST SEED MANUFACTURING COMPANY 2021.

Present Job	Research Associate (AICRP-Palms) Horticulture Research Station, Dr YSRHU, Ambajipeta, East Godavari District, A.P
Success story :- SUCCESS STORY Dr. G. Koteswara Rao M.Sc. & Ph.D. Gold Medalist from Dr YSRHU, A.P & NAU, Navsari, Gujarat Family background First of all I would like to thank god almighty who believes me for making a Buffalo keeper into Doctorate degree holder. My name is Dr. Ganta Koteswara Rao s/o Buli Apparao bangaramma born in a remote village of Mukkollu, Kirlampudi Mandal, East Godavari District, Andhra Pradesh state. I have four sisters and one brother a total of 8 members including parents and me. My family occupation is agricultural labour (Daily wages),	

economically very poor family background.

Constraints

Due to poor economical family background my parents were unable to send all of their children for corporate school education that's why since first class to 12th standard I was studied in government hostels with free education.

Limitations

- Uneducated family
- Remote village
- Poor economical family background
- No one is there for support and encouragement
- Lower caste in the society
- Sisters marriages etc.

Difficulties

I was average student in the class room till to the 10th standard and I came to know the importance of study, job and family from Intermediate onwards. Since my 1st class to 12th class I was studied in Telugu medium so when I joined B.Sc. (Hons.) Horticulture in Dr YSR Horticultural University, Venkataramannagudem I faced a lot of problem to understand the english so I decided to left the degree due to this problem but my seniors and teachers they encouraged me a lot to continue degree study.

Efforts

Always I want to put my efforts to study hard why because in mind always one thing is there i.e. I came from poor economical background so I have to work hard to take care of my parents and family with that intention I look forward. I don't have any other avagations.

Achievements

- Intermediate college first
- B.Sc. College first among Indian students
- M.Sc. University Gold medalist (From Dr YSRHU, VR Gudem, Andhra Pradesh)
- Ph.D. University Gold medalist (From NAU, Navsari, Gujarat)
- Awarded with RGNF-OBC fellowship for pursuing PhD degree from UGC, GOI
- Best Master Thesis Award Science & Tech Society for Integrated Rural Improvement
- Best Research Scholar Award from Agricultural Technology Development Society (ATDS)
- Secured First Rank in PG entrance exam-2014 conducted by Dr YSRHU
- Received Certificate of Best Performing Participant on skill development course on secondary agriculture under NAHEP, CAAST, NAU, Navsari.
- Masters Research: Title: "Varietal response of orange flesh sweet potato (*Ipomoea batatas* (L.) Lam.) to plant growth regulators for vegetative, root tuber yield and quality characters"
- Doctoral Research: Title: "Morphological, Biochemical and Molecular Characterization in Greater yam (*Dioscorea alata* L.)"

Teachers who shaped your skills

Since my school education to till PhD all my teachers helped me a lot to shape my life, really I am in debt to all of them in my life. Further I would like to express my gratitude and in debt to the both my M.Sc. Guide Dr. P. Ashok sir and PhD guide Dr. N.B. Patel sir.

I have secured good ranks in all India level for both PG and Ph.D. entrance conducted by ICAR, New Delhi, 60th rank in PG and 21st rank in Ph.D.

I have secured 1st rank in M.Sc. entrance exam conducted by Dr. YSRHU, Venkataramannagudem, West Godavari District during the year 2014. I am recipient of Sri. T.B. Dasaradhi Gold medal & ASPEE foundation Gold plated silver medals for securing highest OGPA in M.Sc. and Ph.D. Horticulture during 2016 and 2021 respectively.

Present Job	Selected as a Horticulture Officer (Class-2), Government of Gujarat
<p>Success story :- Passion and Patience is the key for any successful life and these two words are useful for me from the beginning of my Horticultural academic phase to till now. I do remember when I got admission in B.Sc. (Hons.) Horticulture, I didn't know about Horticulture officer exam but for my passion towards Horticulture grew with time. I had a great phase in Bachelor degree of Horticulture and I gained lots of in-depth knowledge regarding this course. After clearing M.Sc. entrance exam with good marks, I got an admission in my favorite subject Fruit Science under the guidance of Dr. D. K. Sharma. At later stage, I got to know about this exam as soon as I was very keen to know more so I asked many seniors and got help from them and from there on I started my preparation. I had a short but enough time for preparation and spent around 8 to 10 hours for reading in last months. I always believe in Theory books and not direct reading of objective type of books so that helped me a lot and also good utilization of library resources. Finally, I received my result of hard work and lots of sacrifices during preparation time on 13th May, 2021. Now I am a Horticulture officer (Class-2) and I am grateful to my Parents and my guide who guided me positively during my Masters programme.</p>

Present Job	Horticulture Officer
<p>Success story :- I have completed my graduation from ACHF, Navsari Agricultural University in 2019 and I'm very happy that I got selected for Horticulture officer (class II) due to blessings of my parents and worthily guidance and knowledge given by professors of NAU. My main support of getting success is hardworking during both stages (prelim and interview) with GROUP DISCUSSION. Group discussion is very important for fast learning of any concept. It improves your thinking, listening and speaking skills. It also promotes your confidence level. It helps you to train yourself to discuss and argue about the topic given, it helps you to express your views. GD become very important when we preparing for interviews. Interview - this word just to scare. But don't much think about it. This only check your CONFIDENCE level. So, be confident during interview time. But don't be over smart. I will give negative impact on your attitude. So, make group of your friends and ready for fight 3-4 months before exam.</p> <p>Best of luck to all preparing for every exams of life and remember, "Failure is not opposite of success, it's part of success"</p>

Present Job	Family Business (A.M. Vashi Farm & Nursery)
<p>Success story :- I, Henil Dipam Vashi is gratified to compile my success story which can motivate someone and can help them to achieve their goals.</p> <p>First, let me start with the small introduction of my family background, I belong to a socially respected and financially sound family. My father is a well established and renowned businessman in the field of Plant Nursery (A.M. Vashi Farm & Nursery, Navsari, Gujarat, India) and my mother is a home-maker with utmost dedication towards our home life. I have a younger brother who has currently completed his 12th Grade.</p> <p>The two utmost important things which helps to achieve something is interest in what you are doing or pursuing and second is dedicated and planned goals in your life. Talking about myself, my interest towards this field was evident since childhood as I was brought up in the lap of rural and farm life. I was always curious to study about plants which can help me to reach my family business (Plant Nursery) to new heights. In Grade 12, I got 90% and I decided to opt for this course keeping in mind my interest and goals.</p> <p>I got my admission in ASPEE College of Horticulture and Forestry in August 2016. From the start of course, I was motivated to learn something which can help me achieve my goals. I was regular in attending class, completed all my projects and practical in time with great enthusiasm. Talking about exams, I had always prepared from the start which helped me to get first in class throughout all the semesters. Yes, there had been a days which brought me down but it was self-belief and support of my near ones which kept me going towards my goal. Due to this self-belief and constant hardwork, I am a proud recipient of ASPEE Foundation Gold Plated Silver Medal for obtaining highest Overall Grade Point Average (9.10/10.00) in B.Sc. (Hons.) Horticulture and Late Shri Bhulabhai Karsanji Patel Gold Plated Bronze Medal for securing highest Overall Grade Point Average in B.Sc. (Hons.) Horticulture in the 16th Annual Convocation held on 9th February 2021. Today, I can</p>	

proudly keep my head up for achieving my goal.

Talking of support from professors of NAU, I have always received great support from all the professors. They were always ready to solve the doubts and lend a help. They were always friendly and besides academics, they helped me to shape my life for real world. All the professors from which I got the lectures and practical have very good subject knowledge which helped me to understand the topic with an ease.

At present, I have joined my family business and have started working to take my nursery to new heights. I have learnt many things from the business and constantly learning more and more each day. I am now realizing what this industry is and it surely has a scope and bright future.

For this achievement, I am very grateful and thankful to my parents, family, best friends and specific seniors and all the teachers who always helped me, supported me and believed in me.

I hope my short success story can inspire the reader reading this and help them achieve their goals. Good Luck and All the Best.
