No. PS/VC/MPUAT/2020/Spl/03.

Date- 11th May, 2020.

All Vice-Chancellors of SAU's.

Dear Sir/Madam,

Greetings from MPUAT.

I hope you with your families are staying safe and adapting to unseen challenges that the COVID-19 health pandemic has brought about.

I am delighted to share you that MPUAT is organizing a one day National Webinar on "**SCOPE AND SCENARIO OF AGRICULTURE AFTER COVID-19**" on **29 MAY 2020** at the Directorate of Research, Maharana Pratap University of Agriculture and Technology, Udaipur (Rajasthan).

COVID-19 has caused cascading impacts across the food system and agriculture economy. We are in a crucial moment where we have limited but valuable time to act in order to avert the worst shocks to the food system and the rural economy.

This National Webinar is an attempt to bring professionals /intellects of varied backgrounds under one roof to discuss the immediate challenges that COVID-19 will pose to the farm sector and suggest mitigation measures to ensure a sustainable food system in the post-crisis period.

The issues will be wide-ranging and will cover impact of COVID-19 on agriculture, diversification in agriculture, Farmers Producers Organizations and their role, automation in agriculture and new thrust areas in agriculture in the context COVID-19 that has brought the world to its knees.

I cordially invite you and request you to nominate scientists to participate in the webinar and contribute in developing/framing an innovative technology-enabled agriculture which helps in rural development. The selected papers invited as well as discussed at the Webinar would be published in edited e-book/compendium. There will be complete recording of proceedings.
