MINISTRY OF AGRICULTURE AND FARMERS WELFARE
(Department of Agriculture, Co-operation and Farmers Welfare)

NOTIFICATION

New Delhi, the 02nd January, 2020

G.S.R. 07(E).—Whereas, the draft rules further to amend the Insecticides Rules, 1971, was published, as required by section 36 of the Insecticides Act, 1968 (46 of 1968) vide notification of the Government of India in the Ministry of Agriculture and Farmers Welfare (Department of Agriculture, Co-operation and Farmers Welfare) number G.S.R. 607 (E), dated the 28th August, 2019, published in the Gazette of India, Extraordinary, Part II, Section 3, sub-section (i) dated 29th August, 2019, inviting objections or suggestions from all persons likely to be affected thereby, before the expiry of a period of thirty days from the date on which the copies of the Gazette of India in which the said notification was published were made available to the public;

And whereas, copies of the said notification were made available to the public on 29th August, 2019;

And whereas, objections or suggestions received from the public on the said draft rules have been considered by the Central Government;

Now, therefore, in exercise of the powers conferred by section 36 of the Insecticides Act, 1968 (46 of 1968), the Central Government hereby makes the following rules further to amend the Insecticides Rules, 1971, namely :-

1. (1) These rules may be called the Insecticides (Amendment) Rules, 2020.
- (2) They shall come into force on the date of their publication in the Official Gazette.
2. In the Insecticides Rules, 1971, in rule 10, in sub-rule (1A)-
 - (a) in the first proviso, for the words "a period of three years", the words, figures and letters "time up to 31st December, 2020" shall be substituted;
 - (b) after the second proviso, the following proviso shall be inserted, namely:-

"Provided also that all other existing retailers or dealers who are not covered under the second proviso, but who possess a valid licence as on the 1st February, 2017, the date of commencement of the Insecticides (Second Amendment) Rules, 2017 and are without prescribed qualification, may undergo certificate course of twelve week duration with one class a week in insecticides management from any State Agriculture University or Krishi Vigyan Kendras or National Institute of Agricultural Extension Management, Hyderabad or National Institute of Rural Development and Panchayati Raj, or National Institute of Plant Health Management, Hyderabad, State Agricultural Management and Extension Training Institute, Central or State research institutes or any other Government recognised university or institute"

Guidelines for Operationalisation of Certificate Course on Insecticides Management for insecticides dealers/ distributors (G.S.R.07(E), 2nd January, 2020)

Background

Insecticide is one of the important agri inputs in Agriculture. The Insecticides is mostly marketed by dealers, distributors and retailers. Most of the farmers are dependent on insecticides dealers/ retailers for information related to insecticides and pest management. However, majority of the insecticides dealers do not have formal education in agriculture. It is essential therefore to impart technical knowledge on pesticides, pest management and advisory based on scientific recommendations.

In this context, the National Institute of Plant Health Management (NIPHM) has been entrusted the role of coordinator for the 72 hours certificate course for insecticides dealers & distributors and to equip them to acquire professional competency on pesticides & pest management and advisory services thereof.

12 weeks
(12 days)
1 day/week
72 hours
6 hr/day

Mission

Enhance the professional competency of insecticides dealers, distributors and retailers.

Objective

- ✓ To impart the basic technical knowledge on pesticides and pest management to the insecticides dealers and distributors.
- ✓ To provide knowledge about the rules and laws governing the insecticides.

Methodology

This program may be organized for a period of 12 weeks for 12 days for 6 hours per day with classes once in a week for existing insecticides dealers and distributors who are yet to comply the requirement of essential qualification as per notification No. GSR 106(E) dated 01.02.2017. The program consist of both class room session and hands on experience by the resource persons from the State Agricultural Universities, Krishi Vigyan Kendra (KVKs), Central and State Research Institutions, NIPHM, MANAGE, SAMETIs, other Government recognized institutes and other experts on the subject and field / exposure visits to nearby agricultural farms / plots of Agricultural University/ Research Organization/ KVKs/ innovative farmers field, etc. The field visit may help them to acquire knowledge on recent advancement in pesticides and pest management.

Study material is provided to every participant of the certificate course in their local language and multimedia cum interactive videos/ instructional devices are to be used in the class rooms.

Course is to be offered by State Agricultural Universities, Krishi Vigyan Kendra (KVKs), Central and State Research Institutions, NIPHM, National Institute of Agricultural Management (MANAGE), State Agricultural Management and Extension Training Institute (SAMETIs), National Institute of Rural Development and Panchayati Raj (NIDPR) and other Government recognized institutes.

The institutions mentioned above are to ensure the enrolment of about 40 candidates per batch for this course, preferably from the surrounding locality to ensure location specific knowledge. The program will be implemented by the institutions with the overall guidance from NIPHM at national level. The course will be organized under Self Finance mode.

The Roles and Responsibilities of Stakeholders

Role of NIPHM

NIPHM will be the coordinating agency for:

1. Conducting Certificate course for insecticides dealers and distributors at national level.
2. Creating Awareness cum Orientation about certificate course among various stakeholders.

NIPHM with its mandate of promoting environmentally sustainable Plant Health Management practices in diverse and changing agro-climatic conditions and Plant Bio-security Management and Pesticide Management through capacity building programmes, besides providing inputs for policy formulation on Plant Health Management, Plant Bio-security, Invasive Alien Species, market access, Pesticide Management etc. at state and national level. NIPHM is therefore, expected to perform the hand holding of the Institutes for effective implementation of the course. As the NIPHM has been entrusted the role of coordinator for the 72 hours certificate course for insecticides dealers & distributors and to equip the stakeholders to acquire professional competency on pesticides & pest management and advisory services. The NIPHM in addition may act as facilitator and knowledge partner for other institutes in successful conduction of the certificate course. It will also monitor the quality and progress of the course and report to the Ministry.

Role of Government recognized institutions (SAU / KVKs/ Research Institutions/ NIPHM / MANAGE / SAMETIs/ NIDPR) etc.

- ✓ Institutions are implementing agency for organizing the Certificate Course to the insecticides dealers and distributors under the overall guidance of NIPHM.
- ✓ Institutions will give publicity of the course among the insecticides dealers and distributors.
- ✓ The concerned institute is to collect the course fee i.e. Rs.7,600/- per candidate in the form of demand draft or online mode. Monitoring charges would be duly transferred to NIPHM.
- ✓ Institutions have to utilize the amount as per the cost norms indicated in the Annexure-I in the guidelines.
- ✓ The Institutions will get the entire expenditure audited by the CAG-Empanelled practicing Chartered Accountant.
- ✓ Institutions are to conduct exam after 12 weeks from the commencement of the program.
- ✓ The facilitator is responsible for setting the final question paper and award of the course certificate to the successful candidates.

Role of Facilitator

- ✓ The facilitator should ensure practicals and hands-on experiences in the areas such as pesticides handling, safety precautions, soil sampling, identification of pest and disease in the plants, IPM practices, site specific pest management, soil, water, leaf analysis etc.

Eligibility Criteria for Candidates for Enrollment

The course is open to all the practicing insecticides dealers who are yet to comply the requirement of essential qualification as per notification No. GSR 106 (E) dated 01.02.2017 issued under the Insecticides Rules, 1971. The application form is given in Annexure-III.

Course fee: The insecticides dealers has to pay the entire course fee around Rs.7,600/- per candidate.

Curriculum

The curriculum consisting of theory practical and field visit is given in Annexure-II. The coverage of content should be based on the local need and relevance.

Time Schedule

Pre-lunch : 10.00 AM to 1.00 P.M. (with a tea break)
Lunch : 1.00 P.M. to 2.00 P.M.
Post-lunch : 2.00 P.M. to 5.00 P.M.

Maintenance of Attendance

Each candidate is required to fulfill a minimum of 80% of attendance both in theory and field visit for appearing the final exam.

Evaluation

The performance of the candidate is evaluated based on final examination and Viva-Voice as indicated below.

Distribution of marks

S. No.	Pattern of Exam	Marks
1.	Final Exam	50
2.	Viva -voice	50
	Total	100

Result

40 and above marks	Pass
60-80 Marks	First Class
Above 80 Marks	Distinction

Certificate

The successful candidates will be awarded certificate by the institutions.

Annexure

Curriculum for Certificate Course for Pesticides Dealers

Duration: 72 hrs
Period: 6 hrs/day/week.

A. lectures (One Hour each)		
S. No.	Topic	No. of Lectures
1.	Overview of identification of major weed plants, pests and Diseases, competition dynamics and yield loss due to pests across the crops.	3
2.	Principles of pest control, EIL, ETL, IPM, ICM and GAP, resurgence and resistance in pests.	2
3.	Brief study on management of weeds, insects and diseases of crops.	3
4.	Brief study on target pests, dose, time and number of applications of pesticides.	2
5.	Introduction of agrochemical classification, Microbial/Bio-Crop Protection products.	2
6.	Pesticide classification based on mode of action, entry, types of formulation and usage recommendations and new class of molecules	3
7.	Insecticide mixtures compatibility, numerical calculation of doses and dosages for pesticides and cost of application.	2
8.	Study on Pesticide equipments, applicator types, sprayers, spray nozzles, spray volumes	1
9.	Study of safe application of pesticides for maximum coverage and minimum risk, precautions in handling and spraying of pesticides and safe disposal of pesticide cans/containers	2
10.	Symptoms of pesticide poisoning, first aid and their specific antidotes.	1
11.	Brief description on Safety of pesticides for non-target organisms viz., pollinators, natural enemies	2
12.	Mass production technologies for bioagents and application techniques	1
13.	Brief description on identification and use of weedicides, insecticides, fungicides, rodenticides, Plant Growth promoters etc.	2
14.	Brief of Insecticides Act, 1968 and Rules and Regulations	2
15.	Brief study of registration board and significance of the board	1
16.	Study on pesticide residue and safety concerns like MRLs, ADI etc.	1
17.	Study on labels, leaflets, misbranded, spurious pesticides	2
18.	Brief on responsibilities of dealers/distributor and manufacturers	2
19.	Brief study of storage and house hold pests	1
20.	Brief study of new class of molecules and mode of actions	1
Total A:		36

Annex

B. Practical's (2 hours each)		
1.	Collection and identification of major weed plants, pests and Diseases	3
2.	Identification of weedicides, insecticides, fungicides, rodenticides, plant growth promoters etc.	2
3.	Study and exercise of pesticides its formulations, types and mode of action	2
4.	Exercise on Identification of pesticide equipments and safety measures during application of pesticides.	2
5.	Practical's/Exercise on pesticide equipments like sprayers, dusters, nozzles etc.	2
6.	Exercise on calculation of dosages/doses of pesticides	1
7.	Exercise on collection and Identification of natural enemies and pollinators etc	2
8.	Study on safe disposal of containers after use and household methods for removal of pesticides	1
9.	Practical's/Exercise on toxicity triangle, labels, leaflets, and first aid and antidotes of pesticide poisoning.	2
10.	Practical's/Exercise on identification of spurious, and misbranded pesticides	1
Total B:		36
