## Navsari Agricultural University

### Navsari - 396 450 (Gujarat)

Navsari Agricultural University, Navsari with a vision of transforming itself into the "Knowledge Power Centre", is always committed to publish its academic, research and extension highlights in the public domain targeting the welfare and prosperity of the society. The University has continued its journey since 2004 with several publications such as Spectrum-Quarterly News Bulletin, Annual Reports and other academic, research and extension publications useful for academicians, scholars, researchers, policy makers and our client system-Farming Community. To give acceleration in this endeavour, the Publication Cell has been established by the University on April 30, 2021 and Dr. O.P. Sharma, Professor & Head (Social Science), ASPEE College of Horticulture & Forestry has been assigned the charge of this cell as Nodal Officer with competent representation from each constituent college/research station/extension centre of The University.

Spectrum is a quarterly publication and contains news/information about various academic, research and extension events/activities of the University'. The 'Annual Report' recaps many specific achievements of the University during preceding year in the entire mandatory fields: Teaching, Research and Extension. Publication Cell aspires to cultivate and nurture a thriving literary network with an inclusive approach that embraces information from the entire three mandatory spheres of the University.

Our mission is to produce literature that has the capacity to fulfil the needs of all kinds of clients of the University.
