9. Principal, PIA, NAU, Waghai, Bharuch and Vyara
10. NAU, Website

## Annexure-55.18

The logo for the Polytechnic in Agriculture masterfully integrates its educational mission with symbolic design elements. The logo features the letters 'P' and 'A' intricately overlapped, each chosen to represent key facets of the institution.

The 'P' is rendered in a rich olive green, emblematic of crop plantations and the polytechnic's strong agricultural focus, suggesting a hands-on approach to farming and plantation management.

Conversely, the 'A' is depicted in a dark greyish tone, signifying the solid educational foundation offered by the institution. This colour also reflects the institution's commitment to scholarly excellence in the agricultural sciences.

Together, these elements not only signify the fusion of practical agricultural training with academic rigor but also align with the ethos conveyed by the Sanskrit tagline—

**ज्ञानं परमं ध्येयम्**

(Jñānam Paramam Dhyeyam)

or "Knowledge is the Ultimate Goal," emphasizing the polytechnic's dedication to spreading knowledge in the rural interiors.
