

College of Agriculture
Navsari Agricultural University
Campus Bharuch (Gujarat)

ONLINE WORKSHOP ON
Microbial intervention in Plant Health and Nutrition
25-26th AUGUST 2020

Patron

Dr. S. R. Chaudhary
Hon'ble Vice-Chancellor,
Navsari Agricultural University, Navsari (Gujarat)

President

Dr. J. J. Pastagia
Principal
College of Agriculture, NAU, Waghai (Gujarat)

Convener

Dr. D. M. Pathak

Associate Professor, Dept. of Plant Pathology, CoA, NAU, Bharuch

Dr. J. J. Patel

Associate Professor, Dept. of Entomology, CoA, NAU, Bharuch

Co- Convener

Dr. R. R. Waghunde, Assistant Professor, Dept. of Plant Pathology, CoA, NAU, Bharuch

Dr. S. G. Patel, Assistant Professor, Dept. of Plant Pathology, CoA, NAU, Bharuch

Organizing Secretary

Dr. J. R. Pandya, Assistant Research Scientist, RCRS, NAU, Bharuch

Mr. R. R. Patel, Assistant Professor, Dept. of Plant Pathology, CoA, NAU, Bharuch

Organizing Committee

Dr. Alok Shrivastava, Associate Professor, CoA, NAU, Bharuch

Mr. S. L. Sangani, Assistant Professor, CoA, NAU, Bharuch

Dr. H. S. Makwana, Physical Instructor, CoA, NAU, Bharuch

Dr. D. V. Muchhadiya, Assistant Professor, CoA, NAU, Bharuch

Advisory Committee

Dr. D. D. Patel, Professor & Head, Dept. of Agronomy, CoA, NAU, Bharuch

Dr. C. U. Shinde, Assistant Professor, NMCA, NAU, Navsari

Dr. D. R. Patel, Assistant Professor, CoA, NAU, Bharuch

Mr. R. B. Patel, Assistant Professor, CoA, NAU, Bharuch

INTRODUCTION:

Agriculturally important microorganisms (AIMs) are present opportunities for sustainable intensification with reduced negative environmental externalities. The agriculturally important microorganisms are avenues for the agriculture; their panoply of mechanisms makes them a better solution for the conventional agricultural problems. Plant protection from unfavourable biotic and abiotic conditions under circumstances of changing global climatic scenario and promoting their growth in soil with limited or poor nutrient conditions are marvellous attributes of beneficial microorganisms.

The workshop is organized to enhance knowledge of AIMs for exploring future research opportunities and to know the beneficial role and mechanisms involved by microorganisms at different levels for the insect, nematode and disease management.

WORKSHOP SPEAKER:

1. **Dr. A. M. Parakhia**, Ex. Registrar and DEE, Junagadh Agricultural University, Junagadh (Gujarat)
2. **Dr. Abhishek Shukla**, Professor and Head, N. M. College of Agriculture, Navsari Agricultural University, Navsari (Gujarat)
3. **Dr. Pranab Dutta**, Associate Professor, Department of Plant Pathology, School of Crop Protection, CAU, Umiam (Meghalaya)
4. **Dr. Lalit Mahatma**, Associate Professor, N. M. College of Agriculture, Navsari Agricultural University, Navsari (Gujarat)
5. **Dr. Neelakanth S. Hiremani**, Scientist (Plant Pathology), Division of Crop Protection, ICAR-CICR, Nagpur (Maharashtra)
6. **Manjunatha Gowda T.** Scientist (Nematology), Division of Vegetable Protection, ICAR-IIVR, Varanasi (Uttar Pradesh)

CERTIFICATE:

Participants should have to attend all the lectures/sessions. The feedback link will be shared in the WhatsApp group/registered email. Complete submission of feedback form in all respects will be eligible to receive the e-certificate. The e-certificate will be issued within two weeks after completion of the workshop.

PARTICIPANTS: Interested students and faculties

USEFUL LINK:

Registration: <https://forms.gle/dTSP7gCB8K11288>

Zoom: Link will be send on registered mail

Last date for registration: 23/08/2020
